**RENEWED PETITION UNDER 37 CFR 1.181**

Dear Sir:

This petition is being filed to request reconsideration of the "Petition to Reset Period For Response Due to Non-Receipt of Action" filed with the United States Patent and Trademark Office on November 5, 2002. The decision on that petition held that a showing to establish nonreceipt of an Office communication lacked 1) a statement attesting that a search of the file jacket and docket records indicates that the Office action was not received and 2) a copy of the docket records where the non-received Office action would have been entered had it been received.

I searched the 2373/103 file jacket and did not find a Notification of Missing Requirements. I also examined the Bromberg & Sunstein docket record covering all matters for a due date of December 30, 2001, corresponding to the due date of a response to a Notification of Missing Requirements mailed on October 30, 2001. If a Notification of Missing Requirements for application 09/936,280 (docket number 2373/103) had been received, receipt would have resulted in an entry under December 30, 2001 and would have appeared on page 5 of the enclosed report entitled, "Prosecution History Report, Complete docket history of Bromberg & Sunstein for December 30, 2001." I found no entry requiring action associated with 2373/103 for December 30, 2001.

In addition, I examined the prosecution history for the entire docket corresponding to the 2373/103 matter. If a Notification of Missing Requirements for application 09/936,280 (docket number 2373/103) had been received, receipt would have resulted in an entry on December 30, 2001 and would have appeared on Page 3 of the enclosed report entitled, "Prosecution History Report, Complete docket of Application No. 09/936,280, All Deadlines." I found no entry of a Notification of Missing Requirements.

The Office action also required submission of a new declaration in compliance with 37 CFR 1.497(a)-(b) and 37 CFR 1.63. A new declaration in compliance is enclosed with this petition.

In view of the satisfaction of the requirements conveyed in the decision of September 5, 2003 with respect to the "Petition to Reset Period for Response Due to Non-Receipt of Action" submitted on November 5, 2002, Applicant requests that the period for responding to the Notification of Missing Requirements be restarted, and the Completion of Filing Requirements be considered as received on time.

Please charge the petition fee of \$130.00 to Deposit Account 19-4972. If any additional fees are required, you are hereby authorized to charge Deposit Account 19-4972.

Dated: November 5, 2003

Respectfully submitted,

Kenneth S. Sachar

DECISION ON

PETITION

UNDER 37 CFR 1.181

This decision is in response to "Petition to Reset Period For Response Due to Non-Receipt of Action," filed with the United States Patent and Trademark Office on 05 November 2002. It has been treated as a petition under 37 CFR 1.181.

#### BACKGROUND

On 10 March 2000, applicants filed international application PCT/AU00/00171. A copy of the international application was communicated to the United States Patent and Trademark Office (USPTO) from the International Bureau on 14 September 2000. On 28 September 2000, applicant filed a Demand for international preliminary examination, prior to the expiration of nineteen months from the priority date. Accordingly, the thirty month period for paying the basic national fee in the United States expired on 10 September 2001.

On 10 September 2001, applicants filed a submission for entry into the national stage in the United States which was accompanied by, *inter alia*, the U.S. Basic National Fee.

On 30 October 2001, the Office mailed a Notification of Missing Requirements (Form PCT/DO/EO/905), indicating that a declaration in compliance with 37 CFR 1.497(a)-(b) and the surcharge for late filing of the oath or declaration were required.

On 13 August 2002, applicants submitted "Completion of Filing Requirements," indicating that applicants had not received a Notification of Missing Requirements accompanied by an executed declaration.

On 05 November 2002, applicants submitted the instant petition under 37 CFR 1.181, accompanied by a copy of the executed declaration.

On 13 March 2003, the Office mailed Notice of Acceptance (Form PCT/DO/EO/903) indicating that the application's 35 USC 371 dates were 13 August 2002.

**DISCUSSION**

The showing required to establish nonreceipt of an Office communication is set forth in the notice entitled *Withdrawing the Holding of Abandonment When Office Actions Are Not Received*, 1156 O.G. 53 (Nov. 16, 1993). The showing must include: (1) a statement by the practitioner that the Office action was not received by the practitioner; (2) a statement attesting that a search of the file jacket and docket records indicates that the Office action was not received; and (3) a copy of the docket record where the non-received Office action would have been entered had it been received (the docket record must also be referenced in practitioner's statement).

Item (1) has been satisfied.

Items (2) and (3) have not been satisfied.

The declaration incorrectly identifies the filing date of the international application. Though declaration complies with 37 CFR 1.497(a)-(b), it does not comply with 37 CFR 1.63. Additionally, the declaration appears complete, but it is numbered page 1 of 9 through page 4 of 9. A new declaration in compliance with 37 CFR 1.497(a)-(b) and 37 CFR 1.63 is required.

**CONCLUSION**

For the reasons set forth above, the petition under 37 CFR 1.181 is **DISMISSED** without prejudice.

The Notification of Acceptance mailed 13 March 2003 is **VACATED**.

The application remains **ABANDONED**.

If reconsideration on the merits of this petition is desired, a proper reply must be filed within TWO (2) MONTHS from the mail date of this decision. Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.181."
